When I examine, diagnose, treat, or refer you I will be collecting what the law calls Protected Health Information (PHI) about you. I need to use this information to decide on what treatment is best for you and to provide treatment to you. I may also share this information with others who provide treatment to you or need it to arrange payment for your treatment or for other business or government functions.

By signing this form you are agreeing that you have read and understand my Notice of Privacy Policies and you are agreeing to let me use your information here and send it to others in accordance with my written policies and the rules that apply to me as a mandated reporter. NOTICE OF PRIVACY POLICIES TO PROTECT THE PRIVACY OF YOUR HEALTH INFORMATION -1-

REVISED 4/15/2020

This notice describes how psychological and medical information about you may be used and disclosed and how you can get access to this information.

I. Uses and Disclosures for Treatment, Payment and Health Care Operations

I may use or disclose your *protected health information (PHI)*, for *treatment, payment, and health care operations* purposes with your *consent*. To help clarify these terms, here are some definitions:

- “PHI” refers to information in your chart that could identify you.
- “*Treatment, Payment and Health Care Operations*”

Treatment is when I provide, coordinate or manage your health care and other services related to your health care. An example of treatment would be when I consult with another health care provider, such as your PCP or another therapist.

Payment is when I give you a receipt to show that you paid me for your healthcare. Examples of payment are when I disclose your PHI to your health insurer to obtain reimbursement for you for your health care. **Health Care Operations** are activities that relate to the performance and operation of my practice. Examples of health care operations are quality assessment and improvement activities, business-related matters, such as audits and administrative services, and case management and case coordination.

Use applies to activities within my practice, such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.

Disclosure applies to activities outside of my practice, such as releasing, transferring, or providing access to information about you to other parties.

II. Uses and Disclosures Requiring Authorization

I may use or disclose PHI for purposes outside of treatment, payment and health care operations when your appropriate authorization is obtained. An “*authorization*” is written permission above and beyond the general consent that permits only specific disclosures. In those instances when I am asked for information for purposes outside of treatment, payment and health care operations, I will obtain an authorization from you before releasing this information. I will also need to obtain an authorization before releasing your psychotherapy notes. “

Psychotherapy notes are notes I have made about our conversation during a private, group, joint, or family counseling session, which I have kept separate from the rest of your chart. These notes are given a greater degree of

protection than PHI. It is my policy not to keep separate psychotherapy notes. All documentation I keep is a part of your clinical chart.

I will also obtain an authorization from you before using or disclosing PHI in a way that has not been described in this notice.

I will not use your PHI for marketing or sales purposes under any conditions.

III. Uses and Disclosures with Neither Consent nor Authorization

I may use or disclose PHI without your consent or authorization in the following circumstances:

- **Child Abuse:** If I, in my professional capacity, have reasonable cause to believe that a minor child is suffering physical or emotional injury resulting from abuse inflicted upon him or her which causes harm or substantial risk or harm to the child's health or welfare (including sexual abuse), or from neglect, including malnutrition, I must immediately report such a condition to the Massachusetts Department of Children and Families.
- **Adult and Domestic Abuse:** If I have reasonable cause to believe that an elderly person (age 60 or older) is suffering or has died as a result of abuse, I must immediately make a report to the Massachusetts Department of Elder Affairs.
- **Health Oversight:** The Board of Registration that applies to my particular license to practice has the power, when necessary, to subpoena relevant records should I be the focus of an inquiry.
- **Judicial or Administrative Proceedings:** If you are involved in a court proceeding and a request is made for information about your diagnosis and treatment and the records thereof, such information is privileged under state law and I will not release information without written authorization from you or your legally-appointed representative, or a court order. The privilege does not apply when you are being evaluated for a third party or where the court evaluation is court ordered. You will be informed in this case

- **.Serious Threat to Health or Safety:** If you communicate to me an explicit threat to kill or inflict serious bodily injury upon an identified person and you have the apparent intent to carry out the threat, I must take reasonable precautions. Reasonable precautions may include warning the potential victim, notifying law enforcement, or arranging for your hospitalization. I must also do so if I know you to have a history of physical violence and I believe there is a clear and present danger that you will attempt to kill or inflict bodily injury upon an identified person. Furthermore, if you present a clear and present danger to yourself and refuse to accept further appropriate treatment and I have a reasonable basis to believe that you can be committed to a hospital, I must seek said commitment and may contact members of your family or other individuals if it would assist in protecting you.
- **Workers Compensation:** If you file a worker's compensation claim, your records relevant to that claim will not be confidential to entities such as your employer, the insurer and the Division or Worker's Compensation.
- **Insurance Audits and Reviews:** You should also be aware that your contract with your health insurance company requires that I provide it with information relevant to the services that I provide to you. I am required to provide a clinical diagnosis and the type of session (e.g. couples therapy, individual therapy). In some instances I am required to provide additional clinical information such as treatment plans or summaries, and in some instances copies of your entire clinical record. By signing this form, you agree that I can provide the requested information to your carrier.

When the use and disclosure without your consent or authorization is allowed under sections of Section 164.512 of the Privacy Rule and the state's confidentiality law, this includes certain narrowly defined disclosures to law enforcement agencies, to a health oversight agency (such as HHS or a state department of health), to a coroner or medical examiner, for public health purposes relating to disease or FDA-regulated products, or for specialized government functions such as fitness for military duties, eligibility for VA benefits, and national security and intelligence.
